NEUTRALITY

Of Greece Difficult to Maintain in Face of Allies' Retreat

UPON TERRITORY OF CONSTANTINE

Latest Decision is to Withdraw All Troops

FROM THE DANGER ZONE

And Thus Avoid Any Conflict With Those of French and British—Bulgarians Deliver Hard Fought Attacks—Operations of Allies Against the Turkish Troops Continuing.

(Associated Press Telegram)
London, Dec. 13.—The difficulty of Greece to maintain neutrality in the face of the allies' retreat on Saloniki and the pursuit of Bulgarians and Germans continues to be the chief matter of interest at the entente capitals. The latest decision of Greece, according to Athens dispatches is to withdraw all considerable bodies of her troops impartially from danger of contact with entente troops in Saloniki and the Germanic allies on the northern front, leaving only small groups of soldiers for police purposes.

Whatever the future holds for Greece, her effort to clear her position toward the belligerents seemingly disposes of any idea that the allied forces on Greek territory are to occupy a privileged position with any thing in the nature of open Greek support. The Greek army at Saloniki is to be reduced immediately in numbers to assure liberty of action to the entente troops there. At the same time Greek soldiers along the railway will be withdrawn to avoid complications whenever Germans, Austrians or Bulgarians enter Greek territory.

So far as is known the hard-fought attacks on the British in Macedonia thus far have been delivered entirely by Bulgarians, without German assistance.

A dispatch to the Times says the Bulgarians left more than 8,000 dead or wounded on the field after two assaults on the British line.

"On the second attack," the dispatch continues, "our combined fire of artillery, rifles and rapid fire, was opened on the advancing masses at a range of about five hundred yards. The Bulgarians faced the murderous hail at a run for five hundred yards then broke into flight which quickly became a helter-skelter rout."

The possibility of various flanking movements through Greek territory is opened by the Greek decision to permit the country to become a field for the belligerents. It is rumored, for example that British troops already are landing at Kavala and that the first detachments of Serbians have been brought around from Durazzo, Albania, to Saloniki.

Allied squadrons continue to pay close attention to the Greek coasts, and restrictions on Greek commerce are unabated.

In the other fields of activity there are few developments of large importance. Russian troops have defended Persian rebels at Aveh and are now nearing Hamadan.

Allied troops are still carrying on successful operations against Turkish transports in the sea of Marmora.

On the western front minor successes are reported for British artillery and air squadrons.

The Italian government has received a vote of confidence by a large majority. In the German parliament discussion of food problems is being continued.

Relaxation of the censorship in England naturally meets with enthusiastic approval from the press, although it is not yet understood clearly how far this freedom is likely to extend.

SWALLOWED LYE

BY A MISTAKE; WOMAN IS ILL

Mrs. Clarence Luther of East Main street is seriously ill from swallowing lye through a mistake.

Mrs. Luther had gone to the home of her mother-in-law, Mrs. Charles Luther, 147 East Main street on Sunday morning. The family had recently made some elderberry wine and Mrs. Luther went to the cupboard to taste it. In a bottle similar to the one containing the wine was lye. Mrs. Luther picked up the lye bottle and did not discover her mistake until she had swallowed the fluid.

Dr. C. F. Legge was called and it was found that the mouth, throat and stomach were badly burned. Mrs. Luther who suffered intensely Sunday is resting easier today.

SECRETARY

Of Navy Issues Annual Report Containing His Recommendations

OVER HALF BILLION DOLLARS

Would Be Spent In Increasing Uncle Sam's Navy

THE BUILDING PROGRAM

Would Include 27 Battleships of the First Line and 25 of the Second, 108 Destroyers and 175 Submarines—Building to Be Extended Over a Period of Five Years.

(Associated Press Telegram)
Washington, Dec. 13.—Details of the half billion dollar navy building program under the five year continuing plan recommended to Congress are contained in the annual report of Secretary Daniels, made public today.

The report shows that for the first time in the history of the department, the Secretary's recommendations increase the expenditures proposed by the general board in this connection the Secretary says:

"My recommendation of a five-year program embraces the same number as proposed by the General Board in the distribution of the five-year program of dreadnaughts, battle cruisers, scouts, and destroyers. I recommend 15 fleet submarines where the General Board recommends 9, and I recommend 85 coast submarines as against 58 recommended by the General Board. For additional reserve ammunition, my recommendation is \$25,000,000, whereas the General Board recommends \$11,000,000. They recommend something more for other craft. My total for the five years is \$502,482,214. The General Board's total is \$499,876,000, a very slight difference for the five years, though the board's recommendation for the first year is much larger than the department's estimate."

The five year program for new ships and completion of those already authorized reaches a grand total of \$502,482,214, with large appropriations for reserve ammunition and aviation.

Secretary Daniels differed from the General Board in one important particular at least as to the program although the total number of ships to be constructed and the types recommended are those proposed by the board. The Secretary says:

"The General Board was called upon for advice in this connection, and the department has accepted its recommendation as regards numbers of capital ships. As regards their distribution over a five-year period, it was concluded, in view of all the circumstances, that it would be best to make this as nearly uniform as might be. This course has obvious practical advantages, particularly in view of the present congested condition of the shipbuilding industry in this country. Moreover, since the maximum rate of expenditure upon the capital ships, which take some years to build in any case, will not be reached immediately, it enables us to concentrate more at first upon submarines and other quickly-built craft, so that we will get earlier returns for our expenditure in the shape of completed vessels."

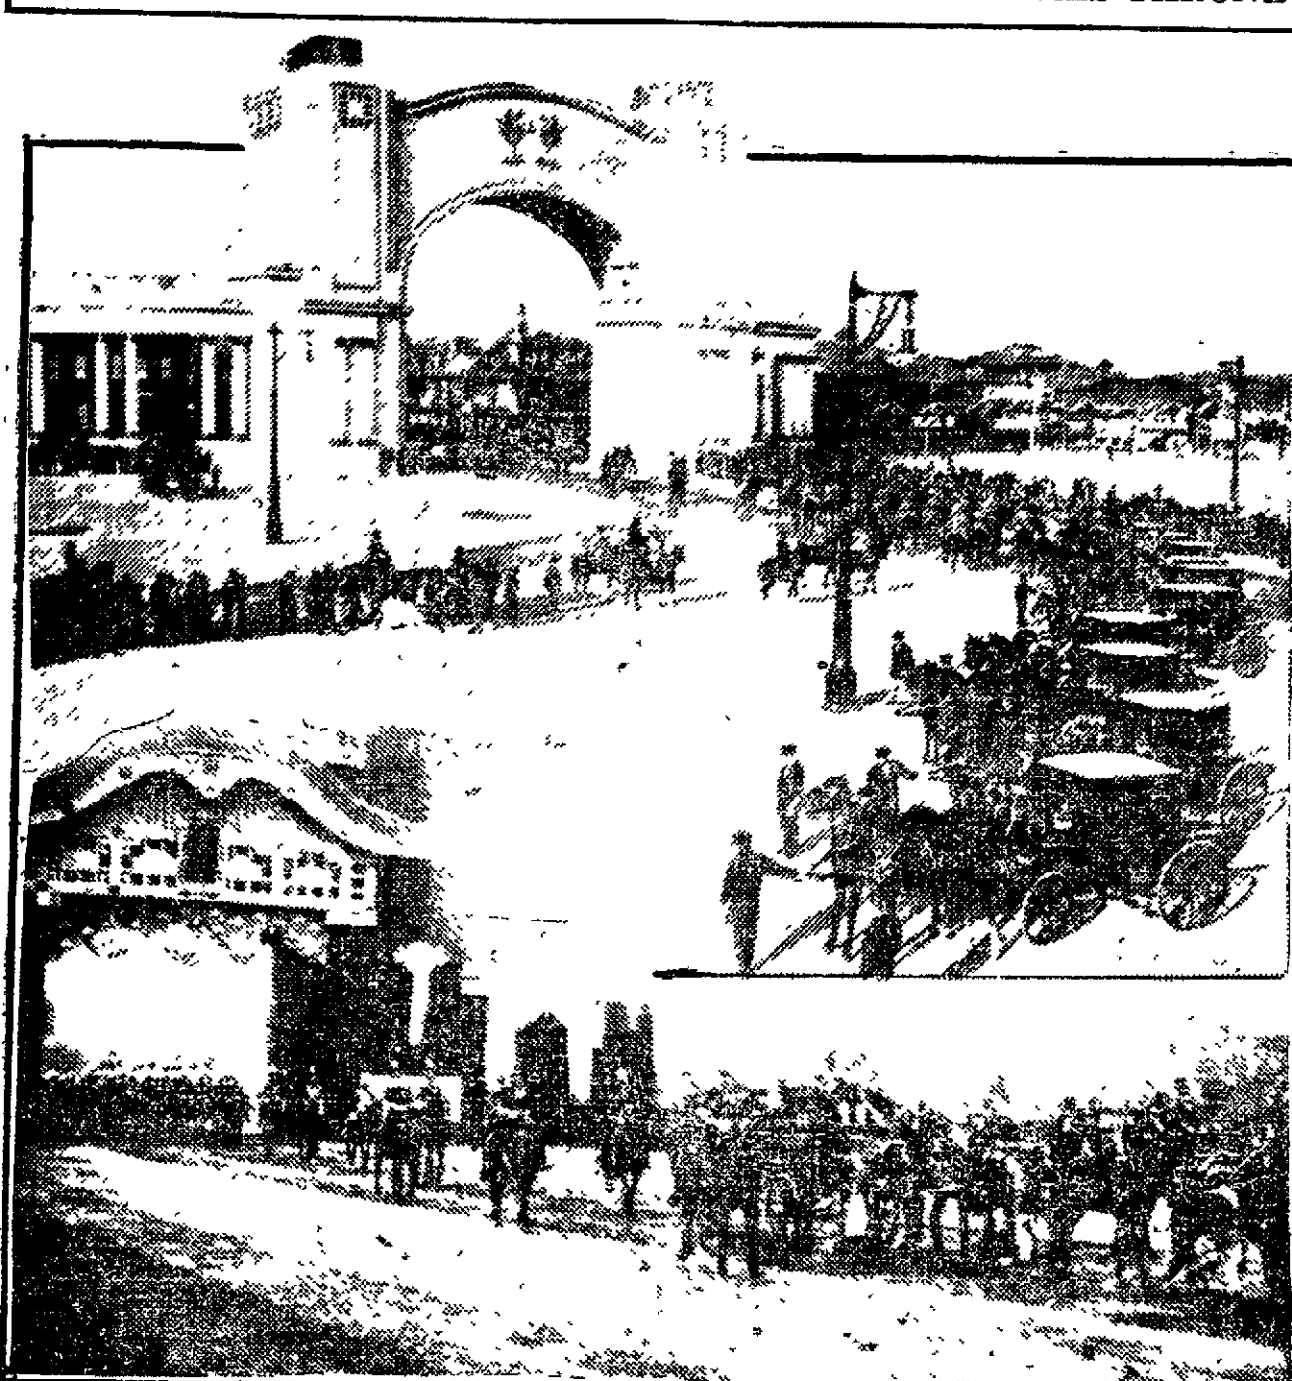

It is understood the board recommended a particularly large program for the first year.

The Secretary calls attention to the fact that he established a precedent last year in making public the report of the General Board, which he will follow this year at a later date. The result, he says, is certain to (Continued on Page 2, Col 3.)

WOULD KEEP ALL PASSENGERS OFF MUNITIONS SHIPS.

[Associated Press Telegram]
Washington, Dec. 13.—A bill to prohibit carrying passengers on ships with war munitions, and a resolution to put the senate on record for raising revenues for national defense by taxing manufacturers of munitions were introduced today by Senator Kenyon. No action was taken on either.

ALL JAPAN IN HOLIDAY ATTIRE AS YOSHIHITO TAKES THRONE

Top, the arrival of coronation parade at Kioto; bottom, imperial carriage and troops on way to Kioto.

The most impressive ceremonies marked the coronation of Yoshihito as emperor of Japan. The official rites took place at Kioto, the ancient capital of the mikados, and the emperor and empress travelled in state from the actual capital, Tokio, to Kioto. The trip was the most elaborate, ostentatious and pompous that has ever marked an imperial coronation in Japan.

Resolution Condemning President Failed of Adoption on Peace Ship; Message Sent to Europe's Monarchs

(Associated Press Telegram)
On Board the Steamship Oscar II, By Wireless via Steamship Noordam Dec. 13.—A resolution condemning President Wilson's preparedness policy brought a protest from some prominent members of Henry Ford's peace party last night when it was presented for adoption. The resolution was drawn up by the Rev. Jenkin Jones, and the Rev. Charles F. Aked, and others who asked that it be signed by all members of the party as their platform.

More than a dozen members, including S. S. McClure of New York, and Judge Ben B. Lindsey of Denver, refused to sign on the ground that the resolution was unpatriotic. Some even threatened to leave the party after it reached Europe if the proposed platform was put through. Its supporters said the opponents of the resolution failed to understand the spirit of Mr. Ford's invitation.

An appeal to the rulers of Europe was sent out by wireless today addressed individually to each reigning monarch, reading:

"Sir: We come in this time of trouble not to add to your burdens, but to help lift them, not to consider which nations are most to blame for the disaster which has befallen Europe, but to end the strife, not to intrude ourselves upon your national life and national ideas but rather with an earnest desire to understand them and a heartfelt wish to aid in realising them.

"The love of country, for which every day tens of thousands of lives are sacrificed, is the same in every land. Your nation, like the people of all the other belligerent countries is fighting for its national existence and its best national traditions and so there can be no irreconcilable differences. Such common ideals surely must afford a basis upon which to establish a magnanimous and honorable peace.

"The time has come to stop the bloodshed, to save the people from further slaughter and the civilization of the world from anarchy and ruin. Has not war been tried enough in sixteen months of fighting? Is it not proven that war cannot solve the problem, but that it leads only to misery? Must lives be crushed, and

wives and mothers, bereaved before we recognize that Europe is bleeding to death and that the grievous wounds must be staunching?

"We neutrals are about to join in a conference which shall, without delay frame and submit simultaneously to you and all the other belligerent nations proposals as a basis for discussion leading to the final settlement. Therefore we do earnestly entreat you and the rulers of all the other warring nations to declare an immediate truce. Let the armies stand still where they are. Then let the negotiations proceed so that the soldiers may be delivered from another bitter winter in the trenches and sent back to their labors and their fireside. As there is no other way to end the war except by meditation and discussion, why waste one more precious human life. For the sake of humanity,

"Henry Ford."

The text of the note which was handed to the Austrian foreign office

Thursday by Ambassador Penfield, follows:

The Secretary of State to Ambassador Penfield.

Department of State, Washington, Dec. 6.

Please deliver a note to the minister of foreign affairs, textually as follows:

Reliable information obtained from American and other survivors who were passengers on the steamship Ancona shows that on Nov. 7 a submarine, flying the Austro-Hungarian flag, fired a solid shot toward the steamer; that thereupon the Ancona attempted to escape, but being overhauled by the submarine she stopped; that after a brief period and before the crew and passengers were all able to take to the boats the submarine fired a number of shells at the vessel and finally torpedoed and sank her while there were yet many persons on board; and that by gun fire and foundering of the vessel a large number of persons lost their lives or were seriously injured, among whom were citizens of the United States.

The public statement of the Austro-Hungarian admiral has been brought to the attention of the government of the United States and received careful consideration. This statement substantially confirms the principal declaration of the survivors, as it admits that the Ancona after being shelled was torpedoed and sunk while persons were still on board.

The Austro-Hungarian government has been advised, through the correspondence which has passed between the United States and Germany, of the United States as to the use of submarines in attacking vessels of commerce, and the acquiescence of Germany in that attitude, yet with knowledge on the part of the Austro-Hungarian government of the views of the government of the United States as expressed in no uncertain terms to the ally of Austro-Hungary, the commander of the submarine which attacked the Ancona failed to put in a place of safety the crew and passengers of the vessel which they proposed to destroy because, it is presumed, of the impossibility of taking it into port as a prize of war.

The government of the United States considers that the commander violated the principles of international law and of humanity by shelling and torpedoing the Ancona before the persons on board had been put in place of safety, or even given sufficient time to leave the vessel. The conduct of the commander can only be characterized as wanton slaughter of defenseless noncombatants, since at the time when the vessel was shelled and torpedoed she was not, it appears, resisting or attempting to escape, and no other reason is sufficient to excuse her.

WOMAN BROKE HER ANKLE SOON AFTER DEATH OF HER SON.

On Sunday morning just a few hours after her son had died, Mrs. Mary Hampton, aged 65, fell off the back porch at her home, 415 South Second street, and broke her ankle.

Edgar Hampton died Sunday morning at 9:30 o'clock and shortly afterward Mrs. Hampton went out on the porch and slipped on the icy step, falling and breaking her right ankle.

Dr. C. F. Legge was called to reduce the fracture.

citizen having been naturalized for about twenty years.

"I was asked for as soon as the French lieutenant came on the Carolina," Mr. Pfaltz said. "I showed him my passport and he told me that as it did not show the date of my naturalization he would have to go back to the cruiser for further instructions from the commander. He was gone for about twenty minutes, then I was told that it was all right, but only my age, 50 years, saved me from being taken off."

"Why were they after me, I do not know. With my wife I went to Porto Rico two weeks ago on business. I did call on the German consul at Ponce, an old friend of mine, but I also visited the French consulate at San Juan."

Other passengers on the Carolina said that on the morning of the day the Carolina sailed, a tug said to have French officials on board, put out to sea from San Juan, and was seen returning after the ship had been stopped by the cruiser.

A lifeboat with six men and a lieutenant from the cruiser came alongside, and the ship was detained for about two hours. Several passengers, among them Charles F. Pfaltz, an importer of this city were questioned by the officer, but only the steward, Schandt, by the French cruiser Descartes.

The Carolina, according to Capt. J. O. Foss, was hailed by the Descartes just after she had passed out of the three-mile limit, a blank shot being fired by the cruiser to call attention to the signal to stop.

United States Demands Disavowal in Most Forceful Communication Yet Sent to Any Belligerent Nation, and Further Asks for Apology and Reparation for What Is Termed an "Illegal and Indefensible Act"

"INHUMAN, BARBAROUS," TERMS IN THE DOCUMENT

No Attempt is Made to Conceal the Fact That Unless the Demands Are Complied With Quickly, the Diplomatic Relations Between the Two Countries Will Be Severed—Text of Note Handed to Austrian Foreign Office By Ambassador Penfield Last Thursday, Made Public Today.

(Associated Press Telegram)
Washington, Dec. 13.—The text of the American note to Austria-Hungary regarding the sinking of the Italian steamship Ancona, made public today, reveals a formal demand by the United States for prompt denouncement of the "illegal and indefensible act," the punishment of the submarine commander and for reparation by the payment of indemnity for the killing and injuring of innocent passengers.

These demands follow a statement informing Austria-Hungary "that the good relations of the two countries must rest upon a common regard for law and humanity." The note arraigns the shelling and torpedoing of the liner as "inhuman, barbarous and a wanton slaughter" of helpless men, women and children.

In official and diplomatic circles the communication is regarded as being the most emphatic declaration to come from the United States government since the beginning of the European war. No attempt is made to conceal the fact that unless the demands are quickly complied with diplomatic relations between the two countries will be in grave danger of being severed.

Baron Erich Zweidinek, charge of the Austrian-Hungarian embassy, informally discussed with Secretary Lansing today the American note regarding the sinking of the Italian steamer for a disavowal, punishment of the submarine commander, and reparation for the Americans who lost their lives in the disaster.

It was believed that the charge desired information regarding the attitude and wishes of the United States government.

Secretary Lansing would not discuss the conference further than to say that the general subject had to do with the Ancona incident. Baron Zweidinek was equally reticent. From other sources, however, came the information that the charge who requested the appointment with Secretary Lansing, had no instructions of any kind from the Vienna foreign office and that he acted entirely upon his own initiative.

In official and diplomatic circles it was believed that the charge was following the example set by Count Von Bernstorff during the days when the Lusitania controversy was in a critical stage. Baron Zweidinek was said to have attempted to obtain an indication what action would be taken by the United States should Austria-Hungary decline to accede to the views of the United States or in the event of the reply being satisfactory.

Baron Zweidinek was also represented as being of the opinion and to have told Secretary Lansing, that, if the facts in the case were as the United States had cited to him in the note, the Austro-Hungarian government would without doubt accede to the demands. He was said to have no indication of what facts in addition to those published by the Austro-Hungarian admiral had been gathered by his government.

Neither was he said to have had any indication of what a reply would be to the note, or of what would be its contents. The reply will come through Ambassador Penfield at Vienna, the note itself having been through that channel.

It was understood that Baron Zweidinek also asked Secretary Lansing what he could do to alleviate the tenaciousness of the situation. Information was not available as to what reply if any, Secretary Lansing had made to the inquiries.

THE MAYOR OF GRANVILLE IS GREATLY HELPED

HAD CATARRH AND AFTER EFFECTS OF LAGRIPE AND IS HELPED.

"I regard Tanlac as Superior Catarrh Preparation and Upbuilding Tonic."

Hon. D. N. Bay, mayor of Granville, Ohio, and a prominent merchant of that town is a firm believer in the virtue of Tanlac the Master Medicine as helpful in Catarrh and the after effects of Lagrippe and he says: "I had catarrh for years and could get no relief until I took Tanlac and Tanlac helped me greatly and did it quickly. I also was miserable with the weakness that follows in the wake of Lagrippe and that too was knocked out by Tanlac and I regard it as a superior catarrh preparation and upbuilding tonic and as such I recommend it." Tanlac is equally as beneficial in rheumatism, stomach, liver and kidney trouble and a great blood purifier. Tanlac is being demonstrated at Hall's Drug Store by the Tanlac Man and is for sale at W. P. Ullman's Drug Store at Granville.—Adv.

GOVERNOR IS IN FAVOR OF MORE DEFENSE

IN CLEVELAND SPEECH OHIO'S EXECUTIVE LINES UP WITH PRESIDENT.

Opposes Government Ownership of Vessels and Favors Building Up a Merchant Marine.

Cleveland, Dec. 13.—Gov. Frank B. Willis arrived here from Columbus, this noon for two speeches, one before the Builders Exchange in the Chamber of Commerce this noon and the other this evening before the Chamber of Commerce of East Cleveland. It was expected he would have a conference with former United States senator Theodore E. Burton on state politics this afternoon. The governor was taken from his train direct to the Builders' Exchange luncheon, where he spoke in favor of additional national defense and the development of the merchant marine. He also expressed hope for the establishment of a policy which would secure to Americans the benefits of their industries. "We believe in peace," said the governor in speaking on defense, "but we are in no position to attain our wishes in that direction if others seek to disregard them. We are in no condition to defend ourselves. We have gone along believing in our own abilities and carelessness of our own needs. Now we stand face to face with a dramatic awakening. We must face conditions as they are and while we mould the world we must be in position to command respect, else our influence becomes of little moment in world affairs."

The Governor repeated his views, expressed previously, of disapproval of the plan for a "continental army" and said he believed the development of the national guard is far more practical and much less expensive. He characterized the disappearance of American shipping from the seas as both "graphic and tragic," and commended the merchant marine problem to the immediate attention of the American businessman and lawmakers. He opposed Government ownership of vessels, pointing to what he termed the danger of international complications in such a policy.

He urged that means be taken to protect American workmen from competition with low paid foreign labor after the present war is ended. Following his address at the Builders' Exchange, the governor held a reception at a downtown hotel. At six o'clock he will be a dinner guest of the East Cleveland Commerce body before which he will speak tonight. The evening address will be in the new auditorium of Shaw High School and the occasion will be the formal opening of that building. It will also be the occasion for a rally of former residents of Delaware county. The governor is a former resident of Delaware.

Newark Township School Meeting

The meeting called by the county superintendent of the people and patrons of Newark township to consider conditions existing in the Cherry Valley school was held in the convention room of the court house Saturday at 1 p. m. Professor C. H. Teach of the state department of education addressed the meeting, taking for his subject "The Boy." His address was appreciated by all present. County superintendent Jordan then reviewed the history of the present Cherry Valley school, explaining conditions as they are and bringing out the following facts: Twenty-two grade pupils of the township are enrolled in the Newark city schools. Three teachers are employed at Cherry Valley—two being in the same room.

The total tax duplicate of the township is \$3,504,740. If bonds should be issued in the sum of \$15,000, \$1000 to be retired each year, it would mean an increase of taxes of fifty cents per \$1000, which would be slight. Newark township is especially fortunate in having a low tax rate, it being 7.9 mills, of which 1.7 mills is school tax. A number of residents and taxpayers participated in the discussion, among whom were Mr. Hartshorn, Mr. Young, Mr. Jones, Mr. Hall and Mr. Evans. It was generally agreed that something should be done to relieve the situation. The county superintendent gave it as his opinion that a new building costing about \$15,000, containing at least four rooms for present use and two that would be available for future needs was demanded.

A wanton destruction of the building at present located on the grounds is out of the question. This could be utilized in some way. A location farther westward it seems, is more desirable than the present location. Generally these things could be adjusted by the new board of education. This does not mean that the schools of the township are to be centralized at this point. This is far from the idea of the school officials. But it is evident that the people of the township should provide these facilities for Cherry Valley neighborhood. As to the city annexing school property that belongs to the township this cannot in any way be done without compensation of loss. Generally a free discussion was indulged in and all felt that it was a profitable meeting.

THURSDAY'S BOUT TEST OF ENDURANCE FOR PAUL BOWSER

When Paul Bowser, local wrestler meets "Young Pardella" in a wrestling match Thursday night at the Music Hall, it will be a real test of endurance for the Newark man. In order to win the event, Bowser must either throw Pardella or keep from being thrown in 90 minutes.

Pardella's challenge was an agreement to throw Bowser twice in an hour and a half. If he fails to do this, he loses. If Bowser is in condition to withstand the attacks of the heavier man he has a chance to win. It is said that Pardella is 80 pounds heavier than Bowser. Ed Hazelett, a local amateur has agreed to meet any Newark amateur in the preliminary.

BASEBALL

ACTIVITIES TO BEGIN WITH MEETING OF NATIONAL LEAGUE MAGNATES.

International League Also Holds Annual Meeting—Aug. Hermann Makes Statement.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 13.—Winter baseball activities began today with the gathering of club owners to attend the annual meetings of the International and National leagues.

Edward B. Barrow, president of the International league was on hand early to open the meeting of that body today. "I shall continue at the head of the International league," said Mr. Barrow. "I have every reason to believe that the coming season will prove more successful than the past. I believe we have safely passed the worst of the road."

August Hermann, president of the Cincinnati club, was first National league member to arrive for the meeting of that league tomorrow. He said he thought the time had passed when club owners of the National league would have favored a plan to sell their franchise to the independent.

Discussing economy in baseball he said the game in its prosperous days was a very grave business risk, and that in 12 years the Cincinnati club earned 51 per cent of its original investment and paid no dividends for four or five years.

Mr. Hermann said that the players have been getting all the money since the last baseball war started. "The cost of operation along last year's standard was so great that none but prominent pennant contenders had a chance to make both ends meet."

AMERICAN LEAGUE

Will Hold Annual Meeting Wednesday in Chicago.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 13.—Club owners of the American league are due here today to attend the annual meeting of Wednesday.

Colonel Jacob Ruppert and Captain T. L. Huston of the New York club, with their manager, William Donovan, are expected, according to reliable reports, to open negotiations for a trade with President Comiskey of the Chicago team for the services of Third Baseman Mase.

The New York club it is reported plans to purchase Frank Baker, who still is under contract to Philadelphia and if the deal is arranged, probably will consent to trade Mase to Chicago. B. B. Johnson, president of the league, said that the affairs of the Cleveland club probably will not be settled until after the league meeting. It was reported that Jake Stahl, former manager of the Boston club, is under consideration as the new leader of the Cleveland club. Neither Johnson nor Stahl, however, would discuss the report.

BLIZZARD

RAGING THROUGHOUT NORTHERN OHIO TODAY, WORST OF THE SEASON.

Entire Atlantic Seaboard From Virginia to Canada in the Grip of Snowstorms.

Cleveland, Dec. 13.—A blizzard, the most severe of the season, is raging over northern Ohio, today, and with snow falling and temperatures dropping, travel became difficult on the street of this and other cities, many accidents being reported due to slippery conditions.

STORM CENTER IS MOVING NORTHWARD

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 13.—The Atlantic seaboard from Virginia to Canada, the upper Ohio and Mississippi Valleys and the Great Lakes region were snow covered today, except in isolated spots. Over most of that area, snow was still falling with indications that it would continue tonight in the middle Atlantic states, the great lakes region, northern New York, and New England. Elsewhere east of the Mississippi, the forecast was for fair weather.

The Eastern storm center was moving northward today north of the Virginia capes. Colder weather for the lake region was forecast.

REPUBLICANS MAY HAVE AN EARLY MEETING

SENTIMENT DEVELOPS TO SET NATIONAL CONVENTION BEFORE DEMOCRATS

Time and Place Will Be Decided Upon at a Committee Meeting Tomorrow.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 13.—Sentiment began to develop today in the Republican national committee in favor of holding the Republican convention before the Democrats meet to choose a presidential candidate. The Democratic convention will begin in St. Louis, June 14.

The committee will meet in formal session here tomorrow to decide the time and place for holding the Republican convention. Members who want an early convention favor having the party get all the political advantage it can by holding the first convention. Those who favor a date after the Democratic convention contend the Republican party should not frame its line of attack until the Democrats have made their nomination. Another argument used against the proposal for an early convention is that several states hold primaries for the election of convention delegates in June.

Talk about the convention city was largely divided today between Chicago, St. Louis and San Francisco. Philadelphia, some of the committee seemed to feel was virtually out of the race. San Francisco showed strength today that surprised many members and it was understood that St. Louis might throw her votes to the Pacific coast city in case it was apparent that St. Louis could not get the convention. Much of the opposition to Chicago is based on the fact that it was there the party was split in 1912.

AN AGREEMENT WITH GREECE IS REPORTED

(ASSOCIATED PRESS TELEGRAM)
Paris, Dec. 13.—A dispatch to the Havas agency from Athens dated Sunday says:

"According to semi-official sources a definite solution of the questions pending between Greece and the entente powers has been nearly reached. Col. Phallis, (of the Greek army), after an interview with General Sarail (commander-in-chief of the French army in the Orient), declared that negotiations were proceeding satisfactorily."

"The entente allies' retreat is proceeding slowly but normally and in security. The French and British are taking time to destroy tunnels and bridges in order to prevent the enemy following too closely. The Greek government is considering seriously the risks which the Greek army may run as the result of interruption of communication by rail with western Macedonia."

FREIGHT CAR CONGESTION IN NEW YORK CITY

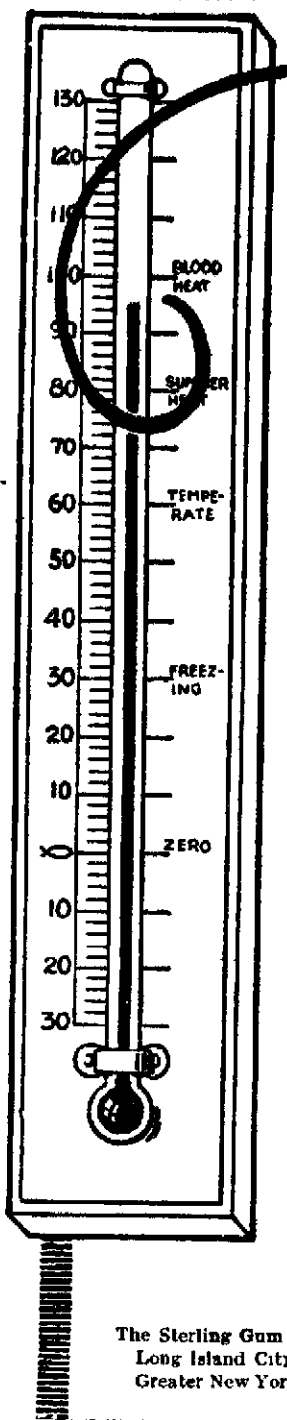

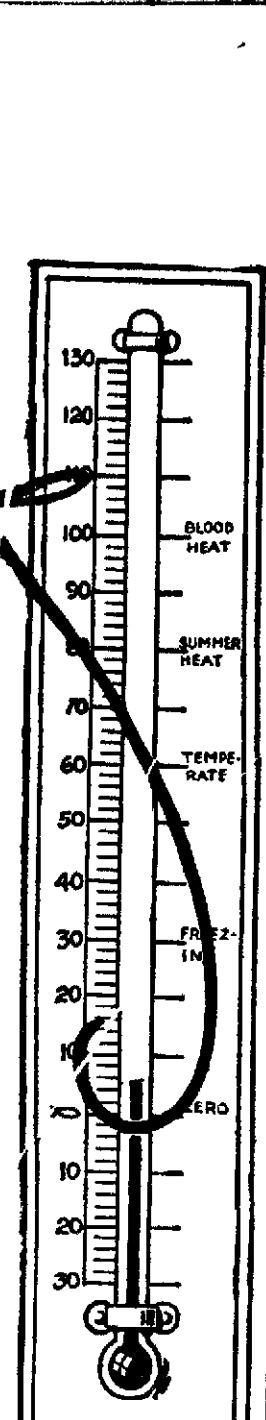

Baltimore, Dec. 13.—The Merchants' Association of New York in a bulletin issued during the past week called attention to the congestion of freight cars at New York terminals, stating that there are 10,000 loaded cars awaiting unloading and that the congestion is along the lines consigned to New York. While most of this freight is for export, it congests the lines with the prompt handling of traffic for New York proper. Attention is called to the fact that the conditions do not exist at Baltimore, where the Baltimore & Ohio, Pennsylvania and Western Maryland railroads, while reporting large increases in export traffic moving thru their terminals in Baltimore, point out that with sufficient bottoms to load the business the flow of traffic, while reaching a high stage, will be regular and subject to no unusual delays. Particular attention is being given in the distribution of equipment by the Baltimore roads, to giving all classes of shippers an equitable proportion of available cars so far as possible, and if exporters would arrange with steamship people for ships to come to Baltimore their traffic could undoubtedly be handled expeditiously and more satisfactorily than can be done under present conditions through New York.

ARTIFICIAL RUBBER FOR AUTO TIRES

(ASSOCIATED PRESS TELEGRAM)
Berlin, Dec. 13.—By Wireless to Sayville—Automobile tires of artificial rubber are now being made in Germany. The German News Agency says in its address to the reichstag last week Chancellor Von Bethmann-Hollweg said Germany had discovered a new method of producing synthetic rubber. The Frankfurter Zeitung now announces that at almost the same hour that the chancellor's statement was made, the news agency says a factory successfully working this rubber into tires which will wear for a year.

EVACUATION OF SERBIAN CITIES

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 13.—The Saloniki correspondent of Reuters Telegram Company in a dispatch dated Sunday relative to the fighting in southeastern Serbia says: "The evacuation of Dolran and Giezvelli, was completed today and the Bulgarians are reported to be within five miles of the Greek frontier, following very slowly in the wake of the allies." Penelope—"My book of dancing rules says: 'Don't hold the lady too close.'" Percival—"Impossible."—Judge.

Crumble-proof

3—Crumble-proof

ALL chewing-gum is at sword's points with the thermometer. Up north the cool, crisp days, and down south the extreme heat try in different ways to urge gum into a crumbly condition. But no matter when or where you buy Sterling Gum you will find it crumble-proof. You will find that each stick quickly becomes a velvet-bodied confection. So you will always find real enjoyment in Sterling Gum while hunting for that 7th point.

What is it?

Best Record Is Beaten By Riders In Six-Day Race

New York, Dec. 13.—Fred Hill of Boston and Alfred Grenda of Australia, the American-Australian team, won the twenty-third annual six-day bicycle race which closed at 10:05 o'clock last night in Madison Square Garden.

The final score was 2770 miles and eight laps, which bettered by 11 miles and six laps the best previous mark, which was set by Goulet and Grenda in New York in 1914.

McNamara and Spears finished second, while Magin and Lawrence were tied with Thomas and Ryan for third place. The other teams finished in the following order: Egg and Dupuy, fifth; Eaton and Madden, sixth; Walthour and Moran, seventh; Hanley and Salstead, eighth; Drobach and Corry, ninth; Seres and Linart, tenth, and Mitten and Hansen, eleventh.

McConnell Named Captain of Reserve at Team Meeting

Cleveland, Dec. 13.—Clark McConnell, one of the star halfbacks of the Reserve team for the past two years, was elected captain of the 1918 eleven at a meeting of the team Saturday. Bud Denaple, who played the other half, was McConnell's opponent.

ESTABLISHED IN 1822

Entered as Second Class Matter
March 10, 1892, at the Postoffice at
Newark, Ohio, under Act of March 4,
1879.

Time for Patriotism.

The 64th Congress, now in session, is certain to be one of the most important, in its responsibilities and the results of its deliberations, that the country has known. Serious questions are before it, and even graver issues may arise from the delicate international relations existing between the United States and the European belligerents. The plain duty of every member of Congress at this time is to shelve partisanship and put patriotism in its place. "He serves his party best who serves his country best." Never were those words truer than at this time. The members of Congress may well heed them, and in doing so they can have no better example to follow than that of the President, who has said that the great national problems at issue should not be made a subject of party division, and has freely invited Republican leaders as well as those of the Democratic party to confer and advise with him.

The President's message to the 64th Congress has created a profound impression throughout the country. It is generally conceded to be a masterly exposition of the circumstances and the duties confronting the nation. Its central thought is national security and efficiency. It is a call to preparedness to meet the issues raised by a war which "has altered the whole face of international affairs, and presents a prospect of reorganizations and reconstruction such as statesmen and people have never been called upon to attempt before." Congressmen may differ in their views as to how best the issues may be met, but by the exercise of unselfish, patriotic, broad-minded consideration, and the banishment of prejudice and partisanship, the honest views of all should be reconciled to a harmonious and effective result.

The President's denunciation of those, calling themselves Americans, "who have poured the poison of disloyalty into the very arteries of our national life," is severe, but justly so. Those citizens, either by birth or naturalization, whose conception of their privileges and duties as Americans is so debased as to permit old-world sympathies or prejudices to seek "to bring our government into contempt, to destroy our industries, and to debase our politics to the uses of foreign intrigue," must be sternly dealt with, if they persist in actions that border, if they do not overstep, the bounds of treason.

It is high time that Americanism assert itself. It is high time that patriotism displace partisanship and prejudice. It is a time when minor considerations must be subordinated to the nation's good. It is a time when America—not party or racial ties—or the petty issues that may divide good citizens in ordinary times—should be the inspiration of every American citizen worthy of the name.

Daily History Class—Dec. 13.

1553—Henry of Navarre (IV of France) born; assassinated 1610.

1813—The city of Buffalo burned by the British, war of 1812.

1862—Battle of Fredericksburg, Va., memorable charge of Federals against the stone wall at Marye's Heights, with a loss of 10,000 men out of 40,000 closely engaged.

1867—Fenians blew up Clerkenwell prison, England, to release confederates.

1914—Austrians captured Dubika pass, in the Carpathian mountains.

ASTRONOMICAL EVENTS.

Evening stars: Jupiter, Mars, Venus.
Morning stars: Mercury, Saturn. Planets Jupiter in conjunction with the sun.

Business Situation.

(Pittsburgh Gazette Times.)

Pittsburgh bank clearings this week averaged more than \$2,000,000 a day over the same week last year. This does not measure the full extent of the difference between industrial and mercantile conditions today and as they existed in the closing month of 1914. There is an unprecedented local demand for currency of small denominations, even down to nickels and cents. As an example, a single department store this week made a requisition on one of its banks for 300,000 cents. The demand for currency, of course, is due to the large industrial payrolls, which now equal if they do not surpass the previous maximum of 1906, and the department store requirements for "small change" indicate that cash transactions are on a larger scale than ever before. These "over-the-counter" settlements are not reflected in the daily clearing house returns, and it is therefore a safe assumption that the increase in total business is much larger than that indicated in clearing house figures. Beginning today the proceeds of numerous "Christmas clubs," conducted by various banks during the year, will be disbursed, and in the coming week the holiday trade will fairly boom. The indications are that the aggregate will set a new high record.

Nominated in Advance.

(New York World.)

Thousands of Democrats are to go to St. Louis in June to perform a political ceremony that is everywhere regarded already as an accomplished fact. By its unanimous endorsement of President Wilson for renomination, the Democratic National Committee has named the head of the ticket as certainly, if not with as much authority, as the convention can do, and nothing but the Vice Presidency and the platform will engage the attention of the party's representatives six months hence.

National Conventions, however, are never superfluous. Even when their work is largely determined for them in advance, they are impressive illustrations of democracy in action. On this occasion the body will merely register, with becoming enthusiasm, no doubt, the will of a party that, so far as the Presidency is concerned, is agreed. Were it not for a love-feast from time to time, our great political organizations could not endure. It is equally true that faction and friction are necessary to their health and progress.

Pointed Observations

This is the season of the year that you just have to hand it to some people.—Mansfield News.

If Germany will tell why it doesn't like Brand Whitlock we'll tell why we object to Captain Boy-Ed.—Philadelphia Record.

How does it happen that most of the earnest patriots who write to the newspapers denouncing the "cowardice" of the Administration are afraid to sign their names to their communications?—New York World.

It won't be necessary for President Wilson to put up "Keep off the grass" signs about his new summer home in Elberon, N. J., as after that campaign has started there won't be any grass.—Waterville Sentinel.

The only thing that all warring nations seem to be agreed on is that peace offers must come from the other side.—Pittsburgh Gazette-Times.

Europe's belligerents agree unanimously on at least one point. Their hotels can't thrive without the traveler from America.—Spokane Spokesman-Review.

California has taught the world how to make an exposition pay.—Philadelphia Record.

Cheer up, ultimate taxpayers! Chairman Sparkman, of the Rivers and Harbors committee, announces that there is to be no new rivers and harbors legislation this session. And what do you care how bad the porkers feel about it?—Indianapolis News.

Appropos of national defense, there appear to be a few Americans who can't see the country for the munitions factories.—Chicago Herald.

A Los Angeles woman advertises for a husband and says she is willing to consider "even a Democrat." The desperation of a truly desperate woman is truly impressive.—Providence Journal.

Rippling Rhymes

Out of the Wreck.

I built me a handsome shack, and painted it out and in, the color scheme green and black; 'twas rooted with the best of tin. My heart swelled with honest pride; my cottage was smooth and fine; I laughed as I stood beside my figtree and pumpkin vine. Then came a tornado wild, and jagged that, howled, and raged, and flung its fragments around, and flung me to the ground. I crawled from the ruins then, my hair full of glass and tin, and sprung, in the view of men, my patented duplex grin. I said to the scowling skies, "You've taken a fall from me, but out of the wreck I rise—I'm still in the ring, you see." While others indulged in screams, and wept in the cyclone's track, I gathered my joints and beams, and built me another shack. While others deplored their loss, and put up a line of walls, I searched for my household gods, and gathered my rusty nails. Again by my figtree tall, again by my pumpkin vine, I look from my cottage wall, and the prospect's strictly fine. No man on the dump heap lies, who says, when misfortunes frown, "Oh, out of the wreck I rise—there's nothing can hold me down!"

WALT MASON.

Spirit of the Press

Acres of Diamonds.

Whether or not we credit that one of Dr. Conwell's about Pittsburgh being underlaid with diamonds, we must admit it's a deep one.—Pittsburgh Gazette.

Congressman Ashbrook.

The Globe this morning received a letter from Congressman Ashbrook stating that since the people of the state of Ohio refused to put him out of our district that he will be a candidate again for re-election in the 17th district and there is no doubt in his mind but what the voters will return him to congress from this district. Congressman Ashbrook has made one of the best representatives the district has had and has many staunch supporters in Richland county who will be glad of the opportunity of sending him back to congress.—Shelby Daily Globe.

The Joys of the Poor.

The happiest people in the world are the poor. Without attempting to stifle the ambition for self-advancement, religion has always taught men to be content with their lot, and shown the folly of relying upon possessions as the key to happiness. Our materialistic day has worshiped financial success, and by hearing this doctrine constantly preached, those who are poor have been made to feel themselves unfortunate and condemned to miss the great joys of life.—Leslie's Weekly.

Billy Sunday on Ford.

"Billy" Sunday when asked to comment on the Ford excursion to Europe delivered himself as follows: "I think when Ford put over this advertising stunt P. T. Barnum turned over in his grave and said, 'I have got to hand it to you, Henry, you've got me skinned.' This is an opinion of an expert on advertising and will carry great weight with the knowing ones. It will be generally admitted that what the Rev. William does not know about the advertising business is not worth while learning. But it fills us with sorrow to see a celestial mind like his give way to petty professional jealousy. Instead of sneering at Henry, a magnanimous rival would applaud his greatness. Moreover, as a matter of policy, all advertising men should stand together.—Baltimore Sun.

Where He Draws the Line.

Colonel Roosevelt declines to permit his name to head the Progressive ticket in the Nebraska primary. The colonel may like progressivism a good deal, but a Progressive funeral is a little too much.—Houston Post.

Praise for the Army.

While the annual report of the Secretary of War is largely given up to his plans for an increase of the army, Mr. Garrison finds room for a strong word of commendation on the record of the army of the United States already having in dealing with the disturbances on the Mexican border.

We know of no situation which could be more persistently irritating and more trying to the restraint and discipline of military forces than that has been. We accordingly know of no higher tribute which could be paid to the true courage of these sections of the American army than that, under a noisy pressure from behind and much lawless provocation from in front to commit rash and unauthorized acts, they held themselves in the most constant command not only of their own conduct but of the whole situation.—New York World.

A Little Fun

Caught.

"Herbert, you weren't listening to what I said."

"Er—what makes you think that, darling?"

"I asked you if you could let me have \$100 and you smiled and said, 'Yes, dearest.'—Life.

Selfish Child.

London Nursemaid—"I'm going to leave this place, mum."

Mistress—"Why? Don't you like the child?"

Nursemaid—"Oh, yes, mum. But 'e's that afraid of a soldier I can't get 'im near one.—Punch.

Too Expensive.

Two little sisters, who were taken to see "Othello," were much impressed by the death scene. "I wonder if they kill a lady every night?" said Lucy.

"Why, of course not, Lucy," said her sister, "they just pretend to. It would be altogether too expensive to really kill a lady every night."—Wasp.

Prepared to Dicker.

"Why do you oppose a reasonable amount of preparedness?" demanded Senator Wombat. "Ain't you for it?" "Privately, yes," stated Congressman Flubdub. "But I expect to trade my objections for an arsenal for my district, or a wireless station at the very least."—Kansas City Journal.

Improving All the Time.

"Before we were married you used to send around a dozen roses every week," said she.

"Roses are easy," replied he. "This week I'm going to send around two tons of coal and a rib roast."—Washington Star.

Duly Elected.

An aged negro parson in the south addressed his congregation thus: "Brethren de time am heah fo' 'lection ob de pastah fo' dis church. All dose favorin' me fo' pastah, please saye 'aye.'"

"Hail! Silence means consent," says he, "so I'm you pastah fo' anudder year!"—Shreveport Times.

An Error Corrected.

I am not a darned fool on the question of preparedness.—Joe Cannon, according to a Washington dispatch.

A palpable misquotation. Uncle Joe doesn't say "darned."—Syracuse Post-Standard.

WHAT A DOLLAR WILL DO

Theatres

Auditorium Theatre Tonight.

"Les Miserables," one of the greatest masterpieces ever written by its author, Victor Hugo, and one of the most elaborate pictures ever screened, and probably the most elaborate ever seen in this city, will be shown at the Auditorium theatre today and Tuesday, with an exceptionally well chosen cast.

The story which is well known to most people is built around the life of Jean Val Jean, one of the better known characters in classics. The picture will be in nine reels and will be edifying and well worth the while. It will be especially good for the school children, who have or will study this masterpiece of Hugo's as well as those who have read it in past years.

Alhambra.

"The Gentleman From Indiana," which stars the celebrated American actor, Dustin Farnum, is the first of the eagerly awaited Pallas Pictures, and comes to the Alhambra theatre tonight and tomorrow. Among the features of this memorable production are a monster circus parade, remarkably genuine with its elephant, lady bareback riders and all, a whirlwind political campaign with stumpy speeches as only Indiana can see them stumped, together with amazing torchlight processions, a la the street stores; the same rainstorm in night with buildings rocking in the wind and sheets of water washing down the window panes of the Main street stores; the same rainstorm in a desolate grove of cedars where is enacted the famous Booth Tarkington "lightning flash" when Harkless is captured by the Whitecaps; a thousand and one effective details. Dustin Farnum does the best work of his career in this powerful drama, and makes "The Gentleman From Indiana" indubitably one of the big things of the motion picture year.

At Mazda Theatre.

At the Mazda theatre tomorrow and Wednesday, "Emmy of Stork's Nest," with little May Miles Minter, "Fildon's" newest sensation, extreme youth, beauty, grace, charm of manner, adaptability, realism, ability and understanding. Rare personal magnetism, the career of a great star, little Mary Miles Minter.

OFFICERS ELECTED
BY LEMERT POST
FOR NEXT YEAR

At the regular meeting held by Lemert Post No. 71, G. A. R., on the 5th inst., officers for the ensuing year were elected as follows:

John Gorbey, senior vice commander.

Frank Frye, junior vice commander.

J. R. Ashbrook, quartermaster.

Wm. Harrington, surgeon.

R. C. Bigbee, chaplain.

F. G. Steele, officer of the day.

James S. Ramsey, officer of the guard.

John Devellin, inside sentinel.

Wm. Hollar, patriotic instructor.

R. C. Bigbee, trustee.

Delegates—M. D. Hartshorn, Wm. Hollar, James W. McVeigh and R. C. Bigbee.

Alternates—H. D. Burch, T. A. Jones, F. G. Steele and Franklin Frye.

Felix R. Robertson, Adj.

25% off Boys' Suits—The Hub.

BITS OF BY-PLAY

—BY—LUKE M'LUKE

Mean Brute!

"It says here that in ancient Babylon love letters were written on bricks and then exchanged by the engaged couple," remarked Mrs. Gabb. "Wasn't that odd?"

"Not so odd," growled Mr. Gabb. "The only difference between customs then and now is that nowadays the bricks are not exchanged until after the engaged couples get married."

Good Dope.

Think twice before you speak, my lad; Don't be a hot brained reek; Think twice and then, if you're still mad, Why, just forget to speak.

The Wise Fool.

"There is a use for everything," observed the sage. "Maybe," replied the fool. "But why are the buttons on the sleeve of your coat?"

Bethsal!

All friends are friends, but paramount is one good friend we all should heed; And this good friend is back account. He's your real friend in time of need.

Huh!

"Two can live as cheaply as one," said the lover.

"Sure they can," agreed the grouch. "But they are going to be mighty hungry."

Correct.

"That blamed grocer of mine is nothing but a highwayman," complained Smith. "He gives short weight and short measure."

"Then you must mean that he is a lowdownman, don't you?" asked Brown.

Smile!

Why should you be a sour faced mutt. When overhead the skies are fair? A smiling face brings sunshine, but A long face brings gloom everywhere.

Paw Knows Everything.

Willie—Paw, what is a silent partner?

Paw—A husband, my son.

Weak.

"Frail woman is too weak to vote," He told the suffragette.

She quickly grabbed him by the throat, And he is running yet.

The Wise Fool.

"The pitcher that goes too often to the well is certain to be broken," observed the sage.

"Maybe," replied the fool. "But baseball history proves that it is the pitcher who goes too often to the rathskeller who is certain to be broke."

You Know Him.

He is a failure, I declare. He makes no hit with me. His wishbone is lodged where His backbone ought to be.

What's this Fare to Fulton?

The city, among other improvements, has just had the garbage cans repainted a bright yellow. The paint makes them more attractive in appearance.—Fulton (Ky.) Leader.

Bethsal!

Dear Luke—Ernest Luker raises corn fed chickens on the Lebanon pike. Can he get in as chicken inspector of the club?—Bill.

Me's In.
Dear Luke—Can C. A. Morningstar get in the club as night clerk? He is vice president of the Buckeye Stamping company of Columbus.—G. M. W.

The Poor Daily Bard.
The daily bard, it seems to us, Deserves to have a raise in pay. Who never starts a single thus, "Maud Muller on a summer day."—Cincinnati Enquirer.

How happy all we bards would be If substitutes for these they'd find us, And also for the parody Of "Lives of great men all remind us."—Detroit Free Press.

No, the Club Is No Jitney Bus.
Dear Luke—Can Mrs. Ona Nickel of Bloomingdale, Ind., get into the club?—F. L. S.

Things to Worry About.
Joan of Arc could not read or write.

Names Is Names.
Sallie Slikkiter lives at Tower Hill, Ill.

Our Daily Special.
Some people skate on thin ice all the year round.

Luke McLuke Says.
It must be fine to be a hermit. A hermit does not have to let three dozen men hold him up every morning while they spill a lot of useless noise about the remarkable weather we are having.

Why holler about the high cost of living when you can buy eleven chestnuts for a dime and get eleven hundred worms thrown in free?

After all, the rich are the best friends the poor have. If it were not for the holler the wealthy auto owners let out every time gasoline goes up a half cent a gallon the price of gasoline would be so high that the poor who have to cook with gasoline would be unable to buy any and would have to eat their food raw.

Samson was a strong man because he let his hair grow. We have lots of strong men who let their hair grow in these days. But we call them boobies, and their strength lies in the fact that they never take a bath.

The trouble with the lad who is so happy that he whistles at his work is that he makes the other workers unhappy.

What doth it profit a man to have a lot of will power when his wife has a lot of won't power?

When we compare ourselves with our neighbors we never give ourselves any the worst of it.

The women folks do not seem to know it, but there never was a man who wanted a divorce because his wife didn't talk enough.

Maybe when the women get the vote and get to running this country they will arrange things so that we will not have any rainy Sundays.

When it comes to wisdom Solomon didn't have a thing on the man who manages to be happy though married.

Any old time a man is out all night his wife can easily tell where he was because he will start in and begin to prove that he wasn't there.

After having admired a photograph of a girl it is often quite a disappointment to meet her.

Society

Mr. and Mrs. Clarence Jackson and daughter Beatrice entertained the following at dinner Sunday: Mrs. W. L. Jackson and son and daughter Catherine and son Howard and Mr. Ed. Smith of Keyser, W. Va., Miss Mary Longenbaugh of Glenford, Miss Alice Johnson and Mr. and Mrs. Luther Jackson, of this city.

Porterfield-McCorkle.
Announcement is made of the marriage of Miss Viola McCorkle of Chillicothe to Mr. Harry Porterfield of Newark on December 1, in Chillicothe. The marriage was solemnized by Rev. L. A. Wood of Chillicothe. The bridegroom is the son of Mr. and Mrs. John Porterfield of 297 South William street, and is employed as a brakeman by the B. & O. Railroad company. Mr. and Mrs. Porterfield will be at home in Chillicothe.

Van Voorhis—Wine.
At 5:30 o'clock Saturday evening, Mr. Lee Van Voorhis and Miss Katherine Wine, both of this city, were united in marriage by Rev. T. A. Haller. After the ceremony they returned to the home of the bride in Pataskala street, where a delicious wedding supper was served to about thirty guests.

The happy couple was attended by Miss Florence Ryan and Mr. George F. Beck. Mrs. Van Voorhis is the daughter of Mrs. Mattie Wine. Mr. Van Voorhis is the son of Mr. and Mrs. Van Voorhis of Williams street.

The girls of the Twentieth Century club met Saturday afternoon at the home of Miss Mildred Simpson in North Sixth street and after the transaction of the regular business Miss Mildred Baker was elected to membership. Delicious refreshments were served. The next meeting will be held at the home of Miss Dorothy Wilson during the holidays.

Mrs. John W. Uffner entertained the members of the Jolly Stitches club at her home in South Williams street. The hours were spent in needlework. At the close of the meeting an election of officers was held, which resulted as follows: President, Mrs. Joe Allison; secretary, Mrs. Edgar Swern; treasurer, Mrs. Lewis Kerr.

A delicious two course supper was served the following: Mesdames Earl Swern, Stanton Hickman, Howard A. Jones, Edgar B. Swern, Joe Allison, Lewis Kerr, Miss Frances M. Swern and hostess.

The next meeting will be at the home of Mrs. H. A. Jones in 123 Oakwood avenue, on Wednesday, December 29.

The Semper Fidelis class will meet Tuesday evening with Mrs. Mary Spees Sanders in her home, corner Maple and Norton avenue.

Miss Dora Lisle entertained at her home in Granville on Sunday a number of Newark guests, and who later heard the "Messiah." The guests were Mr. and Mrs. E. T. Johnson, Mrs. T. M. Edmiston, Mrs. Augusta Chambers and Miss Anna Sheridan of Newark and Rev. Mr. Barker of Granville.

Ogle-Poling.
The announcement is made of the marriage of Miss Jessie F. Poling, of 123 North Sixth street and Mr. Carl W. Ogle of Eighteenth street, who were married on November 18, by Rev. Mr. Carlyle, Baptist minister at Covington, Ky. They are at home to their many friends at 210 Eddy street.

Obituary

Jacob W. Backenstos. 72 years old, a retired carpenter, died Sunday at his home in Holiday street after a week's illness, following a stroke of paralysis. He had been ill for some time but was compelled to remain in his room only since a week ago Friday.

Mr. Backenstos was born November 27, 1843, in Somerset, Perry county. He has lived in Newark for 21 years. He is survived by five children, Frank and Henry Backenstos, Mrs. Martha Monahan, Mrs. Mary Tyrer and Stella Backenstos. His wife died about two years ago.

Funeral services will be held Wednesday morning at 10:30 o'clock, at the home, 28 East Holiday street, Rev. C. B. Schmitt officiating. Burial at Cedar Hill cemetery.

Edgar W. Hampton.
Edgar W. Hampton, 33 years old, a former employee of the B. & O. railroad company, died Sunday morning at 9:30 o'clock following an illness of three weeks, his death being due to a complication of diseases. At the time of his death he was employed by Godfrey Staugh.

Mr. Hampton was born in this city, in South Second street, just opposite where he was living at the time of his death. He was born April 6, 1882. He was educated in the public schools here and in early manhood he took a position as fireman on the B. & O. in which capacity he served for several years.

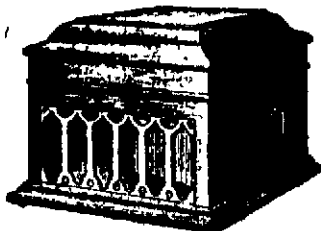

He is survived by his mother, Mrs. Mary E. Hampton, his widow, two children, Charles and George, and one brother, Thomas Hampton. He was a member of the Red Men, which lodge will have charge of the

A Health Bath

Doctors, nurses and the like, seem to have known that the bath is improved in its efficiency in direct proportion to its antiseptic qualities. The water can be made antiseptic or free from germ life by the liberal use of 20 Mule Team Powdered Boric acid sold at drug stores.

The cost is a trifle. The effect is rather surprising. Just try it to-night.

Buy it from your druggist.

An Ideal Gift

Which the whole family will enjoy. A purchaser of a Pathphone said, "It has given us more pleasure than anything we ever bought." Its tone is sweet and resonant. There are no needles to change. It will play any disc.

A recent shipment of Spanish and Danish patterns contains many interesting articles and they're "different."

MISS SPENCER'S SHOP
101 North Fourth Street.
Automatic Telephone 1679.

funeral. Services will be held at the home, Tuesday afternoon at 1:30 o'clock, Rev. Thomas Haller officiating. Burial at Cedar Hill cemetery.

Hugh Kilpatrick.
Hugh Kilpatrick, 74 years old, a retired machinist, formerly employed by the B. & O., died Saturday night at 11:30 o'clock at his home, 130 Penny avenue. Mr. Kilpatrick is well known among the older employees of the railroad at this point where he had been employed since he came to America.

He was born March 17, 1841, in County Tyrone, Ireland. His early manhood was spent in Belfast, Ireland. He came to this country in 1883, coming direct to Newark where he took a position as machinist with the B. & O. About six years ago he was retired on pension by the company.

He is survived by his widow, and five sons, Thomas, Hugh, Robert, Edward and William.

Funeral services will be held at the home Tuesday afternoon at 1:30 o'clock, Rev. Don Tullis of the Second Presbyterian church officiating. Burial at Cedar Hill cemetery.

Joshua B. Crozier.
Joshua B. Crozier, 71 years old, traveling car inspector for the B. & O. railroad company, died this morning at 8 o'clock at the City Hospital following a few days' illness of pneumonia. He was found unconscious in bed at his boarding place in Fourth street Saturday morning and was hurried to the City Hospital but he lived only 48 hours after reaching the institution.

Little is known of Mr. Crozier's life, no near relatives surviving him. He has been in the employ of the B. & O. company for the past 40 years. He made his home with Mrs. Catherine Redman, 47 North Fourth street. He was a member of the Second Presbyterian church.

Funeral services will be held Wednesday afternoon at 1:30 o'clock at the home of Mrs. Redman, North Fourth street, Rev. Don Tullis officiating.

Andrew J. Bline.
Andrew J. Bline, prominent farmer of Newton township, died at his home on the Chatham road Sunday morning.

His death was due to pneumonia, which his usually rugged constitution was unable to resist, owing to a weakness which resulted from a year's ill health.

Mr. Bline was born in Licking county, March 23, 1840, and was therefore past 75 years old when death came. He was educated in the country schools and early in life took up the occupation of farming which he followed as long as he was able.

More than 43 years ago he was married to Elizabeth Stewart, who survives. There were no children. He also leaves three brothers, Thomas and Jacob Bline of Newton township, and John Bline of Annapolis, Ill., and two sisters, Mrs. Rebecca Hankinson of Newton township and Mrs. Elizabeth Swisher of south of this city.

Funeral services will be held Tuesday afternoon at 1 o'clock at the Vanatta Lutheran church. Burial in the cemetery adjoining.

William Warthen's Funeral.
The funeral of William S. Warthen will be held in a Lutheran church at St. Louisville, O., Tuesday afternoon at 1:30 o'clock and interment will be made in the Barnes cemetery.

Mr. Warthen was found dead alongside the roadway near Utica, Saturday morning, shortly after he had hitched up his team and started in a wagon to drive to that village to transact business. Coroner Dr. W. L. Jackson, who viewed the body, rendered a verdict that Mr. Warthen met his death from a cerebral hemorrhage.

A. F. Henley's Funeral.
The following out of town people were here to attend the funeral of Mr. A. F. Henley, who died suddenly in Kenova, W. Va., last Wednesday: Albert Henley, Jr., of Cleveland. Mrs. P. H. Beck, Mrs. Geo. Doyle, Mrs. C. M. Henley, Mr. Geo. Beck, Mrs. Wm. Lacker, Miss Alice Bentz, Miss Margaret Bentz, Mr. Chas. Bentz, of Columbus.

Mr. Geo. Gates, Joseph and Sylvester Walsh, of Massillon. Mr. J. M. Fisher of Ashland. J. C. Fisher of Alliance. Mrs. Page Morris and daughter, Marion, of Nelsonville.

Mr. C. O. Little of the Continental Casualty company of Chicago. Mr. Friend Knisely of Akron. Mrs. Wm. Ballbedx, of Toledo.

death of Mrs. D. P. Burch, — D. P. Burch and Her Sisters.

Card of Thanks.
We wish to extend our sincere thanks to our kind friends and neighbors, Rev. Mr. Franklin, and Mrs. C. W. Miller, also the order of Railway Conductors and the Newark Business College for the kindness shown us during the death of our beloved husband and father, Mrs. A. F. Henley and Children. 11

Card of Thanks.
We desire to express our sincere thanks to all for their aid and sympathy during the death of our father and mother Mr. and Mrs. Henry Combsford. We thank the ministers for their comforting words, and also the friends who assisted us in so many different ways. Mrs. Wesley Roshon. 13-11

Personal

Mrs. A. W. Patton, Mrs. Ed. C. Miller and Miss Mary L. Miller spent today in Columbus.

Mrs. W. M. Jackson and daughter Catherine and son Howard and cousin, Mr. Ed. Smith of Keyser, W. Va., are visiting the former's sons and family Mr. Clarence and Luther Jackson in this city.

Mr. and Mrs. Frank Echelbarger of Lake Side spent the day with Mr. and Mrs. Dan Coffman.

Charles E. Hollander and Guy Watkins returned home yesterday from Chicago, where they attended the national independent telephone convention.

Mr. and Mrs. Marvin Legge of Columbus spent the week-end with Mr. and Mrs. Clyde W. Irwin of the Belmawr apartment.

Malcolm Rank spent Friday and Saturday in Zanesville the guest of relatives.

Mrs. William Cuthbert of Covington, Ky., is the guest of her sister, Mrs. Peter Ewald.

Mrs. James W. Yankie and daughter Elizabeth have returned home after visiting Mrs. Yankie's father in Norwood, O.

Walter Skinner of Columbus was a business visitor in Newark Monday.

Mr. Harry Edmondston of Columbus is spending the day in Newark.

Messrs. F. R. Coulter and F. H. Mann of Columbus were guests of friends in Newark Sunday.

Mr. and Mrs. Byron B. Ashbrook of Johnstown, spent Sunday at the home of Mrs. Ashbrook's parents, Mr. and Mrs. F. S. Wright in Eddy street.

Miss Rosanna Dennison of Lawrence street spent Sunday in Columbus with friends.

PENNSYLVANIA WILL DEVELOP WESTERN LINES

Announcement was made today by Ralph W. Cooke, industrial agent, Pennsylvania Lines west of Pittsburgh, of a development which will be a tremendous factor in the industrial growth of the Pittsburgh-Wheeling district.

The American Gas and Electric company, capitalized at \$7,500,000, with general offices at 30 Church street, New York, and operating plants at Atlantic City, N. J., Canton, O., Wheeling, W. Va., Elwood, Ind., Alexandria, Ind., Marion, Ind., Muncie, Ind., Newark, O., Fremont, O., Mt. Vernon, O., Fostoria, O., New Lexington, O., Lancaster, O., Tiffin, O., Rockford, Ill., and Scranton, Pa., etc., has purchased about 600 acres of land at Beech Bottom, or Windsor, W. Va., on the Ohio River, between Wellsburg and Wheeling, on the Pittsburgh division of the Pennsylvania railway, and is proceeding with the erection of an enormous electric power plant on a portion of same.

This will be a wholesale plant, that is, it will supply power to the company's present plants at Wheeling, Canton, Newark, etc., and will be in a position to furnish power to other electric companies, street railways, manufacturers, etc.

The original installation will consist of two 30,000 kw. turbines, or a total of 60,000 kw. The plans, however, contemplate an ultimate capacity of 200,000 kw. When it is stated that the entire generating capacity of all this company's plants at the present time is less than 80,000 kw., some idea of the immensity of the undertaking will be gained.

No expense will be spared to make this one of the most efficient steam generating plants ever constructed. It is expected the plant will be ready for operation some time in 1916.

Contracts have been made with a neighboring mine to supply the fuel requirements of the entire plant for the next 45 years.

A double circuit heavy steel line will be at once constructed to Canton and operated at 140,000 volts. Connection will also be made with the company's present system at Wheeling and Newark.

This new installation will undoubtedly be the means of attracting to the Pittsburgh district a number of industries to whom cheap electric power is essential.

The statement is made by the company that the low price of coal in this district, the abundance of condensing water, the low cost of disposal of ash, which will be used to fill up lowlands, and the absence of high tax rates, will make it possible to produce power at a cost which will enable them to sell it to consumers at a price lower than it would be possible for the latter to manufacture it themselves.

In fact, manufacturers located adjacent to the generating plant, and having a high load factor, will be able to secure power at a price lower than anywhere else, not excepting Niagara Falls and Keokuk, Ia.

It just about ticks a henpecked husband to death to see his wife in the hands of her dressmaker. Queenland has a compulsory voting law.

TEN ACCEPT CALL OF GOSPEL, GIVEN BY EVANGELIST

Ten persons accepted the gospel invitation at the revival services yesterday at the Central Church of Christ, in the meetings now being conducted by Evangelist Roy L. Brown and his helpers.

Tonight Evangelist Brown will speak on the subject, "Three Wonderful Statements of Jesus." There will only be three more nights of the meeting. Tuesday night there will be a great membership service, and all the new members and old members are urged to be present to listen to the special sermon on "The Book that Mother Read." It will be a great service, and none should miss it.

Wednesday night will be the closing night. The evangelist will speak on "Is There a Heaven, and Will We Know Our Friends There?" A splendid subject and no doubt but that there will be a great crowd for the closing service.

There will be special music each evening by William Leigh, soloist, and R. Leighton Brown, cornetist.

Yesterday began with a Bible school with an attendance running between 400 and 500, and a fine spirit was manifest all day. There were great audiences in spite of the inclement weather. Last night the balcony was full. It is believed that there will be many others take their stand for Christ before these meetings close. The services begin at 7:30 each evening.

Hamler Mayor Suicides.
Napoleon, Dec. 18.—Mayor A. R. Russell of Hamler, a practicing physician, committed suicide in his office yesterday by firing three shots from a revolver into his head. Mental derangement, due to overwork, was given as the cause of his act.

Mayor Russell was 43 years old. He was a member of the Henry county school board and head of the Citizens Exchange Telephone Co.

Music

The transcontinental tour of the New York Symphony Orchestra, Walter Damrosch, conductor, with Josef Hofmann, the world famous pianist, as soloist, opens in Rochester, New York, Tuesday evening, March 14. The itinerary includes seventy of the leading cities of the country.

Paul Althouse, tenor of the Metropolitan Opera Company, is constantly winning new laurels in the concert field. Karlenton Hackett, critic of the Chicago Evening Post, in speaking of a recent appearance of Mr. Althouse in Chicago said: "Paul Althouse has been developing at such a rate during the last two years that he is knocking loudly and insistently for admittance to the seats of the mighty, and if he keeps on singing as he did yesterday they will have to let him in. The tone is warm in color, resonant, with true tenor quality in the extreme upper notes, and unusually even throughout the range."

Kathleen Howard, the well known grand opera contralto, will be the soloist at one of the musicales to be given at the Hotel Bancroft, Worcester, under the direction of Ralph W. Perry.

Frances Alda, prima donna soprano of the Metropolitan Opera Company, and one of the most popular concert artists before the public, will give a recital in Cleveland at the Hotel Statler morning musical series Friday morning, December 31. In February Mme. Alda is announced for the Biltmore Series of Morning Musicals. Other bookings for Mme. Alda include Columbus, Ohio and Washington, D. C., also as soloist with the Philharmonic Club of Denver and in a recital before the members of the Colorado Springs Musical Club. Some thirty recitals are now booked for Mme. Alda on the Pacific Coast, a few of the cities of the itinerary being Los Angeles, Santa Barbara, Redlands, Sacramento, San Francisco, Oakland and the big cities of the Northwest.

Arthur Middleton, bass-baritone of the Metropolitan Opera Company, has been engaged by the New York Philharmonic Society for three appearances as soloist with the New York Philharmonic Orchestra, Josef Stransky, conductor. Two of Mr. Middleton's appearances will be in Carnegie Hall, New York and the third in Brooklyn at the Academy of

Music in the regular Brooklyn series of this the oldest symphony orchestra in America.

Elizabeth Breen, mezzo soprano, who in private life is the wife of Paul Althouse, the popular young tenor of the Metropolitan Opera Company, recently signed a contract with Messrs. Haensel and Jones giving to this well known firm of musical managers the exclusive control of Miss Breen's services in the concert field. Already Miss Breen is a well known figure in the concert world and is the possessor of an exquisite voice of great range and power. One of her most recent successes was in a joint recital with her husband at Reading, Penna. During the season Miss Breen and Mr. Althouse will appear a number of times together giving a program of half recital and half grand opera scenes in costume.

Aged Woman Killed.
Delaware, Dec. 13.—Mrs. Danford Hare, aged 82, was instantly killed this afternoon when the buggy in which she was riding was demolished by Big Four passenger train at the McClelland crossing, two miles north of Ashley. Her body was thrown over a fence. The accident was witnessed by Mrs. A. F. Fargo, who resides near the crossing. The train was stopped and the body taken to Cardington and later to Ashley.

Fined for Beating Her Husband.
Findlay, Dec. 13.—Mrs. Alonzo Chesley was found guilty of beating her husband and was fined \$5 and costs.

Half Doz. Initial Kerchiefs 50c.—

DIES IN HOSPITAL ON FARM WHERE SHE WAS BORN

Columbus, Dec. 13.—Eighty-four years ago, Miss Sarah Sheesley, the youngest daughter of the late Mr. and Mrs. John Sheesley, was born at the old Sheesley farm in East Columbus. The farm has since been sold and St. Anthony's hospital erected.

Saturday Miss Sheesley, who had been a resident of Columbus all her life and until a few years ago was a dressmaker, died at the hospital which was erected on the site where she was born.

The only part of the old homestead which remains is a brick and log building standing in the rear of the hospital.

Chicago Grain

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 13.—Enlarged receipts here and continued liberal arrivals in the north-west tended to favor the bear side of the wheat market. Besides, cables were not encouraging to the bulls. Liverpool dispatches putting the difficulties of obtaining ships. Trading volume in wheat in volume there has been the case most of the time of late. Opening prices which ranged from 1 1/2 to 1 1/4, and May at 1 1/4 to 1 1/5, were followed by a material general decline.

Later, when the market took place. Falling off in receipts northwest was predicted, export demand at the Gulf improved, clearances were large and the United States visible supply showed an unexpected decline. The close was unsettled 1 1/4 to 2 1/2, net higher than December at 1 1/4 and May at 1 1/4 to 1 1/5.

Fine weather made the corn market easy. Demand from the east was slow. After opening unchanged to 1/4 lower, prices rallied a little, but then underwent a moderate sag.
Subsequently, export inquiry helped to bring about an upturn, but the effect failed to last. The close was steady at 1 1/4 to 1 1/5, and May at 1 1/4 to 1 1/5.

One of the factors in hardening the price of provisions was said to be the increasing number of dressed hogs by Canada. In trade reports, no mention is made of such shipments, except where referred to as dressed meat.

NEW TRIAL GRANTED TO DEFENDANT

Case of John Mitchell Will Be Re-submitted to Jury at January Term—News of the Courts.

In common pleas court in the case of the State of Ohio vs. John Mitchell, the court sustained a motion for a new trial filed by defendant's counsel, S. L. James.

Mitchell was found guilty by a jury of taking \$11.00 from the person of Charles Dorsey some months since in this city. His case will be re-submitted to a jury at the January term of court.

The court stated that he would grant a new trial upon the ground that the jury had not been instructed that they might, under the charge contained in the indictment, find the defendant guilty of either robbery, assault or assault and battery. The court stated that Prosecutor Attorney Joseph W. Horner had nothing whatever to do with the failure to charge as above stated.

Jurors Drawn.

The following persons were drawn from the jury wheel to serve as grand jurors for the January term, 1916, and are ordered to appear January 3, 1916:

W. C. Pierson, Monroe.
L. S. McCann, Perry.
W. H. Hammond, St. Albans.
Geo. D. Orr, sixth ward.
Harve Connor, Perry.
William Baughman, Eden.
Marion Jones, McKean.
Charles J. Bounds, first ward.
Albert Pierpoint, McKean.
Ora Hillman, Licking.
Robert Warman, Madison.
C. W. Barcus, Monroe.
Chas. A. Grill, second ward.
Jacob Mills, Eden.
Burt Cain, Harrison.

The following persons were drawn from the jury wheel to serve as petit jurors for the January term, 1916, and are ordered to appear January 17, 1916:

Wm. M. Glenn, first ward.
P. B. Dudgeon, Mary Ann.
Frank A. Place, sixth ward.
Wm. Monroe, Jersey.
Lee S. Lake, first ward.
Giles Smucker, sixth ward.
A. H. Shaw, Washington.
Geo. W. Guttridge, Hopewell.
Dennis C. Brown, sixth ward.
Homer Allison, fifth ward.
Park DeCrown, Bennington.
Wm. H. Weakley, Hopewell.
Elmer Hartman, sixth ward.
Wm. Linke, third ward.
E. W. Roberts, Hartford.
John Lake, Bennington.
Day Jones, Granville.
John Prouty, Granville.
H. J. Hughes, Lima.

Jeremiah Hanks, fourth ward.
Geo. Swartz, Licking.

Assigned Civil Cases.

The court made an assignment of cases today on the civil docket for the January term of court.

Taken to Hospital.

Joseph Fickie, aged about twenty-three years and who lives along the north shore of Buckeye Lake was taken to the state hospital this afternoon by Sheriff Swank. Fickie had a hallucination that he was a lion and called himself Joe the Lion, king of the beasts. He also thought that he was invested with supernatural powers and able to accomplish anything that he undertook. He was harmless until just lately when he roamed the neighborhood at night and as none of the lake folks keep locks on their doors he walked in on them occasionally. Physicians state that with proper treatment his mind will possibly against become normal.

OUT OF PRISON A WEEK; ARRESTED FOR HORSE THEFT

Just a week after completing a term in the penitentiary, Joseph Lee, 36, was arrested early Sunday morning on a charge of horse stealing. In police court he denied any knowledge of the theft telling the jury that he didn't know he had the horse.

The animal which Lee is charged with stealing was a sorrel pacing mare owned by William Eddington living near Newark. Mr. Eddington drove the horse to Newark late Saturday and tied it at Fourth and Main streets. Sometime between 7 and 10 o'clock it was taken.

The matter was reported to the police and a description of the horse furnished to the officers. About 1 o'clock Sunday morning Officers Heck and Corder found Lee driving up Fifth street with the horse. He was immediately arrested. The horse is valued at \$200.

RUGG FACTORY IN NORTH END IS KEPT BUSY

Howard Rugg, traveling salesman for E. T. Rugg & Company, has just returned from an eastern trip where he secured some good sized orders for the Rugg factory.

Mr. Rugg reports business flourishing all through the east. The orders received are for hair and fibre for automobile factories and for rope handles for boxes and baskets.

The Rugg plant was recently enlarged in order to take care of its growing business.

Honey and wax to the value of more than \$6,000,000 are produced annually in the United States.

NEW SYSTEM SAVES WOMEN MUCH LABOR

Many Newark women are taking advantage of the installation of a wet wash laundry in this city and are now sending their weekly wash to the plant on Franklin street, where they can have it washed in a first class manner for the small sum of fifty cents.

This plant is a revelation in the family wash business on account of the small cost to the housekeeper. She simply calls up the plant and a delivery wagon calls for the wash and returns it shortly after, done up in neat packages, all pieces of flakey white and ready for the ironing board.

The Newark Buckeye Wet Wash Laundry was installed by Mr. William Weisgarber, an expert in the business and who gives it his personal attention, looking after every little detail. He has done thousands of washings for the housekeepers of Newark and is now reaching out for new business in the country districts.

Mr. Weisgarber has installed additional machinery and invites women living in the country to send in their weekly family wash and he will do it in a manner which will please them and make them regular customers. This is a convenience which country residents will appreciate. It is hard to get washerwomen for the country but with Mr. Weisgarber's plan this difficulty will be overcome.

The plant is located at No. 44 Franklin street between Second and First streets. Call either phone, automatic, 1535 or Bell 107 R. Give the Buckeye Wet Wash a trial and you will be more than pleased with the result.

In Milady's Boudoir

By Gwen Sears

Many women do not understand the artistic use of face powder and often an otherwise beautiful face is marred and cheapened by the too free or unwise use of that valuable aid to good looks. Of course, women, long ago, overcame all objections to the use of powder. Very few of us are blessed with skin that is not improved by a judicious application of a good face powder.

I know a woman who does not hesitate to powder the bridge of her nose. She should not do that for she has a very prominent nose and lightening it with powder makes it all the more conspicuous, because a touch of powder on the face is as a high light in a painting.

If your nose is very small and of the retreousse order be sure and put plenty of powder on it, as this makes it seem larger and straighter. Then again my friend put a great deal of powder on her chin and but little on her cheeks. This was just exactly what she should not have done owing to the fact that she has a prominent nose. If she had powdered her cheeks carefully over the cheek bones this would have counteracted the effect of her nose.

Her face, too, is rather long and the extra powder on her chin made it appear at least an inch longer than it really is. But, the powder transferred to her cheeks and carefully dusted off her chin it gave her a beautifully oval face. She has a rather prominent bulge on her forehead. Of course she had to powder her forehead right square in the middle where the bulge came. On my advice she removed all traces of the powder in the middle and lightened both sides. The result was that the bulge had almost entirely disappeared.

Another advantage in keeping powder off the chin is that a tendency to a double chin is not noticeable when the chin is darkened and the cheeks lightened. All of which shows that the proper use of face powder is a very fine art.

ABE MARTIN

Th' ole time beau who used t' set patiently thro' a few verses o' "In th' Gloamin'," now has a son who has t' squirm an' yawn thro' a stack o' phonergraf records as high as th' ceiling. Some women don't only make good wives but purty fair fathers, too.

The German emperor has a horror of cats. When he came to England all cats at the castle he was to visit were rounded up and sent into exile till he had departed.

British submarine B-11 torpedoed Turkish battleship Mesoudieh in the Dardanelles. Montenegrin army occupied Visegrad, in Bosnia. Petrograd reported Armenian riots at Erzerum.

French were pushing eastward in Alsace, around Steinbach.

Austrians captured Dukia pass, in the Carpathians, driving the Russians down the northern slopes of the range into Galicia. Austria admitted reverses in Serbia and extended retirement from Serbian soil.

BROOKE BOYS

Mr. F. L. Brooks, purchasing agent for the Chicago Varnish Co., has been appointed a member of the naval stores committee of the National Paint, Oil and Varnish Association. This is an appropriate appointment as Mr. Brooke is one of the pioneers of buying turpentine by weight.—The Paint, Oil and Drug Review.

Mr. Brooke is the son of the late John Lee Brooke formerly of Newark and is a brother of Harry Brooke who is general agent of the Adams Express Company in Chicago. The "Brooke Boys" have both made good and their old time friends in Newark are proud of their success.

Every Day Etiquette

"Supposing my name was Sarah James but my friends all call me Sadie, should my name be engraved on my visiting cards be Sarah or Sadie?" asked Sadie.

"A certain degree of formality should be observed in the engraving on a visiting card. Your correct name is preferable to that used by your intimate friends, answered her aunt.

Seventy tons of coal a day will carry an ordinary battleship along at the cruising speed of 10 to 12 knots; but to drive her at 20 or more, five times that amount must be used.

White pine and yellow pine are the woods most used for boxes, and each contributes more than 1,000,000,000 feet to the box industry annually.

The man with a sunny disposition is naturally not the one who stands in his own light.

SINCE TAKING NERV-WORTH SHE NEVER IS TIRED

Pauline McCoy Patterson Writes
Thankfully to Druggist
T. J. Evans.

Nerv-Worth sales continue to make great records at the Evans drug store and Mr. Evans continues to be the recipient of the most enthusiastic praise given in behalf of this world's greatest nerve tonic. Here is an entirely new endorsement written by Pauline McCoy Patterson, who lives at 145 South Fourth St.:

"Mr. Evans: I can sincerely recommend Nerv-Worth. I have doctored for seven years. I had acute indigestion. Was nervous, could not sleep at nights, had aches and pains all over me at times and chills at night when I lay down.

"I have taken two bottles (of Nerv-Worth) and just feel fine. Never get tired and am going to continue taking Nerv-Worth and I want all my dear sisters that are afflicted just to try one bottle.

(Signed) "Pauline Patterson." Seven years of indigestion, nervousness and sleeplessness are bound to send down into the human system decidedly deep roots of ill health. And yet two bottles of Nerv-Worth in the foregoing endorsement are shown to have almost CURED their user, who believes that more of it will write "ALTOGETHER CURED" over the case.

Your dollar back at the Evans drug store if Nerv-Worth doesn't help you.

Your Boys and Girls

Craving for excitement and diversion overshadows and makes unattractive both homes and school in the minds of two many typical children. Parents and teachers unite to reduce distracting influences to a minimum and create such habits and conditions of child life as are favorable to the cultivation of the power of concentration. The movement towards community action in these matters is already underway in many places.

In certain communities parents and teachers have agreed that all pupils shall devote certain hours to home study, and that during those hours children shall not be molested. There are no telephone calls for them and no signals from the street. The children are left to apply themselves uninterruptedly to the task in hand for study.

In one state six thousand teachers in convention passed strong resolutions urging agreement among parents to restrict dancing, theatre going and other amusements to provide home facilities for study and reading and to establish certain regular evening study hours, during which all children shall study at home without interference.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at the drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

WAR CHILDREN'S RELIEF FUND

Through the generous co-operation of the newspapers of the country in publishing the needs of the War Children of Europe, the War Children's Relief Fund, receives many inquiries as to how long it will continue to send contributions.

Mrs. Eva MacDonald Valenti, National Chairman says: "The need is so great that we will forward all that is given, even if some of it reaches us after Christmas Day."

"Money received too late to make up boxes here, will be forwarded to our Ambassadors in the warring countries with the request that it be given in the same way as if the Christmas boxes were forwarded from here. We can cable money up to the evening of December 24th."

"There is a great need of warm clothing for the children of Serbia, Poland and Belgium and all contributions of this kind will be sent at any time during the next two months."

Please send clothing or money to War Children's Relief Fund, 35 West 39th Street, New York City. Your contribution will be forwarded to the children of any country, as you direct.

MESSAGE OF JOY TO CATARRH SUFFERERS

Hyomei Guaranteed by T. J. Evans to Relieve or Money Refunded.

The popularity and increase in sales of Hyomei here in Newark are unique in the annals of medicine. Such astonishing successes have been made by this remarkable remedy that the proprietors have authorized T. J. Evans to sell every package of Hyomei under an absolute guarantee that it will knock out catarrh for good. If it does not the purchaser can have his money refunded by T. J. Evans.

Hyomei is no ordinary remedy. It is pronounced the only method of treatment that sends its direct stimulation to the most remote part of the air passages, a balsamic aid that destroys all catarrhal germs in the breathing organs, cures and purifies the blood with additional ozone, and gives permanent and complete relief from catarrh.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a long time, and if one bottle does not cure, an extra bottle can be obtained for a trifling sum. It is more economical than any remedy advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her methods of curing diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day and your catarrh is relieved. That's all. If not helped T. J. Evans will refund your money.

WOULD REGULATE FOREIGN TRADE IN THE PHILIPPINES

(Associated Press Telegram)

New York, Dec. 13.—The industrial bureau of merchants association announced today that it has called the attention of Secretary Lansing of the state department to the regulations imposed by the steamship lines carrying freight between New York and the Philippine Islands which the bureau regards as a hindrance to the free movement of trade. The bureau of commerce secretary that shipowners are privileged to furnish an affidavit that goods can be sent to the Philippines for intended for local distribution and not for re-exportation.

It is required that this affidavit shall be confirmed by the British consul general here.

Inasmuch as the two steamship lines carrying freight between New York and the Philippines are understood to be controlled by persons not citizens of the United States, merchants consider it improbable that relief can be obtained by the department of state. The purpose of the merchants in calling Mr. Lansing's attention to the regulations is to show the restraint upon development of neutral trade resulting from present shipping instructions.

The war's effect on sea transportation and the prospect of a break in freight rates after the war is ended, are summarized in a statement issued today by the national transportation council composed of representatives of large manufacturing and commercial interests. James A. Farrell, president of the United States steel corporation, is chairman of the council.

"The main question," says the statement, "is how soon the break in the freight market will take place following the cessation of hostilities. Some shipping people hold that the break will be sharp and sudden, others that the very slight additions through reconstruction now being made to the tonnage will tend to offset any tendency to a sudden decline when the war is concluded."

INSURANCE

The Jordan & Fuller Fire Insurance Agency comprising 10 companies was transferred Dec. 1, 1915, to the Hayden Insurance Agency, 401-406 Newark Trust building. All persons having business with the Jordan & Fuller Agency can transact same at the above address. Mr. W. V. Jordan goes with the Hayden Agency.

New Mexican Envoy to United States

Eliseo Arredondo.

The first step toward the resumption of full diplomatic relations between Mexico and the United States was taken last week in the appointment of Eliseo Arredondo, General Carranza's confidential representative at Washington, as Mexican ambassador to the United States.

MYSTERY ABOUT WOMAN'S MURDER AT PITTSBURGH

(Associated Press Telegram)

Pittsburgh, Dec. 13.—Mystery today surrounded the death of Mrs. Caroline Thomas, 47, widow and mother of a prominent Pittsburgh family, who was found murdered in her home ten miles north of here.

The woman's body, bound hand and foot and with a gag in the mouth was discovered yesterday by a farmhand. The police had been ransacked and telephone connection severed. The authorities believe that robbery was the motive for the crime. Mrs. Thomas was a sister of George H. and C. C. Thomas, prominent business men of this city.

CREEDEN'S KNEE NOT AS BAD AS FIRST REPORTED

In Grant hospital at Columbus, Friday, Will P. Creedon, 47, clerk at the Warden Hotel, underwent an operation on one of his knees. Dr. Stetson, the operating surgeon, found a floating cartilage which was removed. An X-ray examination made some days ago seemed to show a sprained bone in the knee, and it was thought that Mr. Creedon would be compelled to keep off his feet for several months. However, the operation disclosed conditions more favorable and it is thought that the patient will be able to leave the hospital within a week or two and that his complete recovery will be only a matter of a month.

DOUBLY PROVEN

Readers Can No Longer Doubt the Evidence.

Two Newark citizens testified long and fully to the evidence of the doublet. To do of quick relief—of undoubted benefit. The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Mrs. C. L. Starr, 86 Hancock St., Newark, says: "For years I was run down from kidney and bladder trouble. I was weak and hard backaches and headaches made me miserable. Doan's Kidney Pills did me a lot of good, giving me strength and energy and making it possible for me to rest well." (Statement given August 9, 1918.)

DOAN'S ALWAYS EFFECTIVE OVER FOUR YEARS LATER. Mrs. Starr said: "Every spring and fall I take a box of Doan's Kidney Pills. They act as a tonic to my kidneys."

50¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Starr has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Oh, to Have Dwek In Bethlehem!

Oh, to have dwell in Bethlehem. When the star of the Lord shone bright; To have sheltered the holy wanderers.

On that blessed Christmas night; To have kissed the tender, way worn feet Of the mother undelivered And with reverent wonder and deep delight To have tended the Holy Child!

Hush! Such a glory was not for thee, But that care may still be thine. For are there not little ones still to aid For the sake of the child divine? Are there no wandering pilgrims now To thy heart and thy home to take? And are there no mothers whose weary hearts You can comfort for Jesus' sake?

—Additude Proctor.

"What is the cause of social unrest?" "The desire," replied Mr. Dustin Stax, "of the workingman for leisure and of the leisurely man for something to keep him busy."—Washington Star.

AMATEUR BIRD PHOTOGRAPHERS

Now is the time to get out your cameras and try to win a prize. The National Association of Audubon Societies offers ten prizes for the best photographs of wild birds feeding at window boxes, food houses, food shelves or any feeding device. The first prize is \$15, the second \$10, the third \$5 in cash, fourth and fifth Chapman's Handbook of Birds of Eastern North America, sixth, seventh, eighth, ninth and tenth, Lays' Wild Bird Guests. Photographs must be mailed to T. Gilbert Pearson, 1974 Broadway, New York City, on or before April 1, 1919.

The points that will be considered are:

- 1.—The number of individual birds in the photograph.
- 2.—The comparative shyness of the species that have been attracted to the feeding board.
- 3.—The experience and definition of the photograph.
- 4.—The attractive appearance of the feeding device from the human as well as the birds point of view.
- 5.—A composition of the photograph as a picture.

Here's New Vigor For Overworked Stomachs

T. J. Evans, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na the great dyspepsia remedy, is the fairest that he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with T. J. Evans and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell him to and he will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all of the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's success in his work or a woman's fascinating personality more than a weak stomach, with its attendant evils. Use Mi-o-na and see how much more there is in life.

ANTI-SUFFRAGETTES IN CONVENTION AT WASHINGTON TODAY

(Associated Press Telegram)

Washington, Dec. 13.—The National Association opposed to women suffrage met in Annual convention here today with delegates in attendance representing twenty-three anti-suffrage associations.

Mrs. Arthur M. Dodge of New York, president of the organization presided at the opening session, which was featured by the reading of a letter by Mrs. Robert Lansing, wife of the Secretary of State, from her father John W. Foster, a former secretary of state, opposing woman suffrage.

President Wilson will receive the delegates at the White House tomorrow. On Wednesday, if the Republican National Committee gives a hearing to the suffragists, the anti-suffragists also will seek to be heard.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to finish and stimulate sluggish kidneys also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Barzaine in the Wains tonight.

For 90c

You Can Get the Ideal Gift for Every Man

A crystal glass humidor jar containing one pound of Tuxedo, the mildest, most fragrant tobacco. At every store where tobacco products are sold.

Last Christmas more Jars of Tuxedo were given to men throughout the United States than any other single trade-marked article!

Because Americans are learning to make suitable gifts at Christmas time—and learning that Tuxedo is the best gift of all for a man.

Tuxedo is the mildest, pleasantest pipe tobacco in the world—made absolutely non-biting and delightfully mellow by the original "Tuxedo Process" that has never been successfully imitated.

This Tuxedo Christmas Humidor Jar is beautifully decorated with holly, ribbon and Christmas card, and packed in a handsome carton, for sending by mail or messenger; price complete.

TILLMAN IN
PHILIPPIC ON
ROOSEVELT

FIERY SOUTHERNER LIKENS HIM TO "GIANT IN THE MOTHER GOOSE."

Upholds Secretary Daniels Administration of Navy Department in Address to Senate.

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 13.—Declaring William J. Bryan as "simply obsessed" and Theodore Roosevelt as "the Giant in Mother Goose," Chairman Tillman, of the Naval committee, addressed the senate today on national defense and assailed what he characterized as the greed of private manufacturers of war materials.

Senator Tillman upheld secretary Daniel's administration of the navy department and characterized as "simply outrageous" critics of the department numbering among them former Secretary Meyer.

"The question of preparedness requires grave consideration and prompt action," said Senator Tillman. "There are all sorts of opinions and advices from all quarters—Good, bad and not only unwise, but unthinkable of adoption except by wildmen from Borneo."

"Mr. Bryan, the evangel of peace at any price, is bitterly opposed to any and all increase. He seems to be simply obsessed on this subject, and has lost his usual poise. Ex-President Roosevelt on the other hand, who snorts and roars like a veritable bull of Beshan, poses as the God of War and clamors for a very large standing army and great reserves. He minds one of the Giant in Mother Goose:

"'Fe fi fo fum,
'I smell the blood of a German man,
'Be he alive, or be he dead,
'I'll grind his bones to make my bread.'"

The senator said he realized the necessity for a greater army, but that the navy "our first line of defense," should come first.

The country ought to regard as a public enemy any senator or member of congress who tries to delay or thwart this purpose," Senator Tillman declared. "We have an armor trust now," said he "just as we have had all along, and it is doing business at the same old stands; Bethlehem, Carnegie, and Midvale."

"The critics of the navy department under Secretary Daniels have been unusually active and outrageous in their work, not hesitating to even make false statements."

"The one man particularly active in this criticism has been his immediate predecessor, Mr. Meyer, seems to be unconscious of the fact that in indicating the navy he has under Secretary Daniels, he, in truth, is indicting himself and his republican predecessors in the navy department. The congress has appropriated enough money, but it has been squandered, misappropriated, or spent unwisely. Poor old Massachusetts, how unfortunate in giving birth to such a man. I feel sorry that she should be held up to scorn—if such a little and mean man can hold her up to scorn—by the action of Mr. Von L. Meyer."

Concluding Senator Tillman made a plea for prompt action on his armor plate bill.

"Nothing but brazen effrontery and bridled greed aided by official corruption in Washington, can delay the passage of this bill and I hope that it will become law inside 30 days," he said.

Amity Bible Class.

The Amity Bible Class of St Paul's Lutheran church will meet this evening at the home of Mrs. John Saur, 371 W. Locust street.

Special Meeting of Redmen.

There will be a special meeting of the Redmen tonight at 7:30 in their hall, to complete arrangements for the funeral of brother Edgar Hampton. By order of R. R. Kreager, Sachem.

Please Muffle Machines Here.

On account of the illness of Miss Lena Bieberbach, a request is made to all automobilists to keep machines muffled near the Bieberbach residence at 159 South Fifth street. Cussed; Fined \$25.

Six drunks, one of them a woman, were arraigned before Mayor Bigbee in police court this morning. Fines of \$5 and costs being assessed on most of the cases. One of the men had an additional charge of using obscene language placed against him. He drew an extra \$25 and costs for this offense. A man held for disorderly conduct was dismissed.

Operation of Skin Grafting.

An operation was performed on Mr. Ira Wolf, at the Newark Sanitarium today. Mr. Wolf was seriously burned several weeks ago when he came in contact with a high tension wire, and today skin was grafted on the wound on the neck. He is getting along nicely.

Willing Workers Class.

The Willing Workers Sunday school class of the East Main street M. E. church will meet at the home of Mrs. Harry Rainey, 125 North Buena Vista street on Tuesday. All members are urged to be present.

Condition Unchanged.

The condition of Miss Lena Bieberbach who has been so seriously ill with peritonitis remains about the same. Miss Bieberbach resides in South Fifth street.

V. P. B. Business Meeting.

The V. P. B. will hold a business meeting Tuesday evening at the home of Miss Pearl Kinney, 26 North Williams street. Meeting called at 7:30.

III With Pleurisy.

HEBRON FIRE
THREATENED
WHOLE TOWN

BLAZE DISCOVERED SUNDAY NIGHT AND NEWARK CALLED UPON FOR AID.

Brought Under Control However Without Assistance, After Causing a \$1,500 Loss.

(Special to Advocate.)

Hebron, O., Dec. 13.—Fire for a time threatened to cause as much destruction as that of 1901, broke out Sunday night in the Gochenbach livery barn here and before it was brought under control the barn was destroyed with a loss of \$1,500. There was no insurance on the property. With the livery barn was destroyed two buggies, a quantity of harness, about 20 tons of hay and a quantity of corn and other grain. The horses were saved.

The blaze was discovered about 8 o'clock and was burning fiercely. The inadequate fire apparatus maintained by the village proved practically useless and a thousand feet of hose secured from the power house of the Ohio Electric was brought into use.

Water forced by power from the same source was thrown on surrounding buildings in an effort to prevent the spread of the flames. The fire fighters succeeded in saving an addition on the west end of the burning structure.

Soon after the discovery of the fire help was asked of the Newark fire department but the blaze was brought under control without assistance.

About 8:30 o'clock Sunday night fire headquarters here was asked for help by the village of Hebron where, it was reported to the firemen, a serious conflagration was in progress. The local department was unable to furnish aid, having no pumping engine. Being without waterworks, the hose used here would be useless and the chemical equipment would have little effect on a fire of the magnitude claimed for Sunday night's blaze.

CARRANZA SENDS
TROOPS THROUGH
UNITED STATES

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 13.—Juarez and Chihuahua, Villa's last strongholds in northern Mexico, are believed to be the objective of Carranza reinforcements now being permitted to pass eastward through the United States from Douglas, Ariz., to Columbus, New Mexico, almost opposite Palomas.

Notwithstanding the increase in Admiral Winslow's force of marines on the west coast it is not believed it will be necessary to land men for the protection of Americans in the Yagu valley. Today's reports indicated that the Indian raiders were retreating to the interior.

Consul Canada from Vera Cruz, home on leave of absence, called on Secretary Lansing today.

INCREASES
IN LIVE STOCK RATES AUTHORIZED BY INTERSTATE COMMERCE COMMISSION

Effective North of the Ohio and Potomac and East of the Mississippi.

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 13.—General readjustment of livestock rates north of the Ohio and Potomac rivers, and east of the Mississippi was authorized today by the Interstate Commerce commission. Many increases were authorized.

Increases allowed included those on livestock, except horses and mules eastward from points west of Pittsburgh, and Buffalo, advances on cattle to points east of Pittsburgh, and Buffalo and in New England, and fresh meats from the midwest to the east and New England. The commission's decision says it is impossible to estimate the additional revenues to the roads but it is expected to be several hundred thousand dollars a year.

Proposals to make other changes in rates on packinghouse products were disapproved and the commission pointed out that the conclusions it may reach in its investigation of rates on live stock, fresh meats and packinghouse products west of the Mississippi river now under way, may have a relationship on the rates involved in this eastern case and that they may require another readjustment.

"It should be stated," the report concludes, "that such changes in the relationships between rates on livestock and on the products thereof as will result from the increased rates here found to be justified are not to be understood as expressing the final judgment of the commission upon the propriety of such relationship."

TO AUTOMOBILE OWNERS

The Call of Christmas Nobody Must Be Disappointed

**So, It's Come, Come, Come
Oh—Come in the Morning**

Did you ever stop to think that the morning hours are the best time to enjoy shopping, and get through a long list quickly? The advantage of morning shopping is that you avoid the rush and confusion of the late afternoon, and are also insured better attention from our sales-people. Sixty thousand people in Licking county are waiting for good cheer on Christmas morning, so start Tuesday. We find many people do not realize that next week is Christmas, and when the Christmas buying begins in earnest, it will not be long before many lines will be broken. The conditions in the market are such that it will be impossible to replace the choice Christmas gifts. The numbers now on sale are the very best of all imported and American lines, but the factories cannot ship any more until after Christmas—so **START TUESDAY.**

Gifts For The Family

In our great big stocks of desirable and practical gift goods, you will find the easiest and most satisfying answer to this great Christmas problem. Gifts that will give pleasure not only on Christmas day, but every day during the year, such as—

FINE RUGS.
FINE CURTAINS.
DUNSTON CLEANERS.
ROTARY CLEANERS.
RISSEL CARPET SWEEPERS.
FINE BLANKETS.
FINE COMFORTERS.
TABLE LINENS AND SETS.
